October 8, 2021

Dear Angus Friend,

On behalf of the Kentucky Angus Association (KAA), I invite you to join or continue your membership in our great organization. With a KAA membership, you will be eligible to participate in KAA-sponsored events such as the Sweepstakes, Preview and socials; receive discounted advertising rates; receive important communications concerning upcoming events; make connections with other producers across the state; and develop networks for marketing your Angus genetics. As a member of the American Angus Association, you will receive more benefits than can possibly be outlined in this mailer! Please refer to [www.angus.org](http://www.angus.org) for membership information.

Enclosed is a 2022 KAA application. To ensure your membership listing is included in the 2022-23 Kentucky Angus Directory, please fill out and remit the membership application found on our website with online payment option OR if you prefer to pay by check, please mail the membership application found in this mailer along with your check for \$35 made payable to KAA. Membership applications or renewals must be **received** by 4/15/22 in order for your listing to appear in the directory. Please print all information neatly and make sure that the appropriate letter cases are designated in email addresses. In addition, it is VERY important to list your name(s) and farm name exactly as you want them to appear in the directory. If you want both you and a spouse listed, please list both first names in the designated spot on the card. Make sure to include your birthday(s) and for multiple listings, please include the name of the member next to the appropriate birthday.

For returning members: if the membership information for 2022 will be the same as 2021, you do not have to fill out a new membership form; please simply indicate on the form "no changes from last year". If you do not include a new membership form, then the listing will remain the same.

Our newsletter, Kentucky Angus Association News, appears monthly in the Cow Country News. If you are not a member of the Kentucky Cattlemen's Association, I encourage you to join through your local county association. Make sure to stay up to date with our latest information by following us on social media, signing up for our email blasts and on our website, [www.kentuckyangus.org](http://www.kentuckyangus.org).

There are many benefits associated with membership in the Kentucky Angus Association! If you have any questions, please do not hesitate to contact our officers, any Board director or me. I look forward to receiving your 2022 membership. Although 2021 was a challenging year for many, I am confident that 2022 will bring great blessings for all.

Sincerely,  
Anne Stewart DeMott  
Anne Stewart DeMott
